American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

SCHA LB/CB-4068

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Member Handbook carefully to find out what is covered.

Introduction

South Country Health Alliance (also referred to as South Country or SCHA) is a county-owned health plan that serves 12 Minnesota counties. Through South Country, these counties have joined together to help improve how you receive your health care. Clinics, doctors, dentists, eye doctors, chiropractors, hospitals, nursing homes, and home care agencies are working with us to see that you get the best care.

The 12 counties in our service area include: Brown, Dodge, Freeborn, Goodhue, Kanabec, Morrison, Sibley, Steele, Todd, Wabasha, Wadena, and Waseca. We work closely with county health care providers, human service agencies, and county public health departments in these counties to support your wellness. South Country supports five different programs to meet our members' needs.

How to find network providers in your area

The providers in this directory are organized by state, county, and city. If you have questions or require assistance in finding a provider, please call our Member Services Department at the phone number listed on the front cover of this book.

You must get all of your health care from South Country network providers. There are some exceptions. Examples of exceptions are: emergency or urgent care, open access services, and other previously authorized services. If you have questions about the providers you should use, please contact Member Services at the phone number listed on the front cover of this book.

How to access specialty providers

You can see any provider in our network without referral, including specialists. This directory has Specialty Care Provider listings organized alphabetically by specialty, by state, county and then by city. Locate the specialty you want. Then locate your state, county, city, or cities nearby, and then look to find the specialist you need.

You can get additional information on how to access specialty care by calling Member Services at the phone number listed on the front cover of this book. Or visit www.mnscha.org.

How to access emergency care

In an emergency that needs treatment right away, either call 911 or go to the nearest emergency room. You do not need to get approval first from your primary care provider. But, please call your primary care clinic as soon as possible. You may get covered emergency medical care whenever you need it, anywhere in the United States or its territories. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health.

How to access urgently needed services

“Urgently needed services” are a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible.

You should always try to obtain urgently needed services from network providers. However, if providers are temporarily unavailable or inaccessible and it is not reasonable to wait to obtain care from your network provider when the network becomes available, we will cover urgently needed services that you get from an out-of-network provider.

Network urgent care centers are listed in this directory and can also be found on our website:

www.mnscha.org. If you cannot find an urgent care center in your area, or have questions, call Member Services at the phone number printed on the front cover of this book.

How MSC+ members can get more information about Home and Community Based Service providers

Home and Community Based Service providers are not listed in this directory. To find out more about these services, see your Member Handbook. These services may be accessed through your care coordinator as part of your care plan. Call your care coordinator if you need a listing of providers or more information about how to access these services. If you have additional questions, call Member Services at the phone number listed on the front cover of this book.

How MSC+ members can get more information about Long Term Services and Supports

You may be able to get long-term services and supports (LTSS), such as services provided by the Elderly Waiver (EW) program as a South Country Health Alliance member. Long-term services and supports are help for people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. To find out more about these services, see your Member Handbook. Call Member Services at the phone number listed on the front cover of this book to get more information on how to access these services.

How to find a network pharmacy

Pharmacies are not listed in this directory, but are available in a separate directory. You can look up a pharmacy on our website at www.mnscha.org by clicking on “Find a Pharmacy.” If you need help finding a pharmacy or have questions, please call Member Services at the phone number listed on the front cover.

Enrollees with Medicare must use a Medicare Part D prescription drug plan for Part-D covered drugs. Contact your Medicare Part D prescription drug plan if you have questions about how to access Part D drugs.

Important Information

Care Coordination

MSC+, SharedCare, and SingleCare members have a care coordinator available to assist with coordinating needed services. Care coordination is provided for you by local county social workers and nurses or a nurse and social worker within South Country Health Alliance for some members. A care coordinator can give you information about community services, help you find services to stay in your home or community, and help you find services to move out of a nursing home or other facility. They can help you make appointments and coordinate services following hospitalization. If you need assistance to contact a care coordinator, call Member Services at the phone number listed on the front cover of this book.

Clinics

When you are a member or become a member of South Country, you chose or were assigned to a primary care clinic (PCC). Your PCC can provide most of the health care services you need, and will help coordinate your care. This provider will also advise you if you need to see specialists. You may change your PCC. If you want to switch your primary care clinic, you can call Member Services at the phone number listed on the front cover of this book.

Cost Sharing

You may be required to pay an amount toward some health care services. This called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount directly to your pharmacy or healthcare provider. Members get a Member Handbook with more information about cost sharing.

Member Handbook

To get detailed information about covered health care services, see your Member Handbook. It also explains your rights and responsibilities as a member of South Country Health Alliance. Contact Member Services at the phone number listed on the front cover of this book. You can ask for a printed copy of the Member Handbook at any time. Contact Member Services at the phone number listed on the front cover of this book or visit our website at www.mnscha.org.

Interpreter Services

American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. For assistance, call Member Services at the phone number listed on the front cover.

Member Identification (ID) Card

Members get a health plan Member Identification (ID) Card. You must show this card whenever you get health care services, including when you get a prescription filled. Your Member ID cards will be mailed to you in a separate envelope from your member packet.

Service Accessibility

If you need special access to get services from a provider, you can get more information by calling Member Services at the phone number listed on the front cover of this book if you are concerned about a service being covered or not. Or, visit www.mnscha.org. This could include, but is not limited to, accessible office, exam room, and equipment.

Prior Authorization

Our approval is needed for some services to be covered. You must get our approval before you get certain services or before we pay for them. Members get a Member Handbook with more information about which services require prior authorization.

Services may include visits by a nurse, home care services, homemaker services, chore services, and more. Your Care Coordinator can arrange these services for you. If you want more information, please call Member Services at the phone number listed on the front cover of this book.

Elderly Waiver Obligation Minnesota Senior Care Plus members
